How to use your MovieClub card ?

1. Go to our website www.kinepolis.lu, select the session of your choice by clicking on the desired schedule.

2. Once on the price selection page, please enter your Movie Club card code in the space provided.

3. Next you'll see the different rates available with your card.

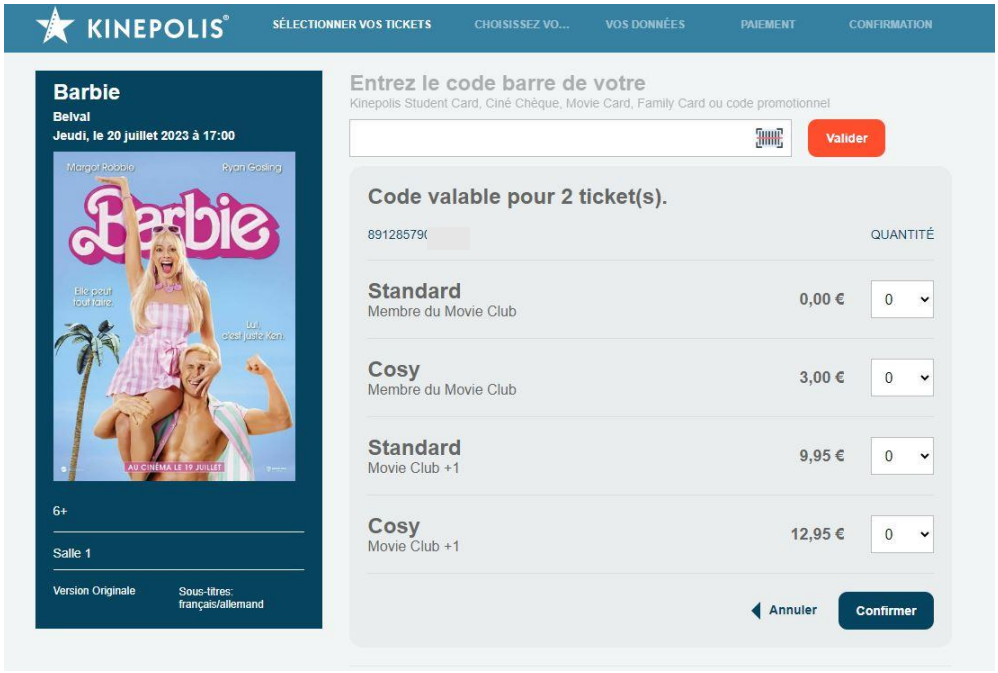

There are 2 fare categories, depending on whether you choose a **standard** or **cosy** seat *(with supplement).*

In these 2 categories, you have :

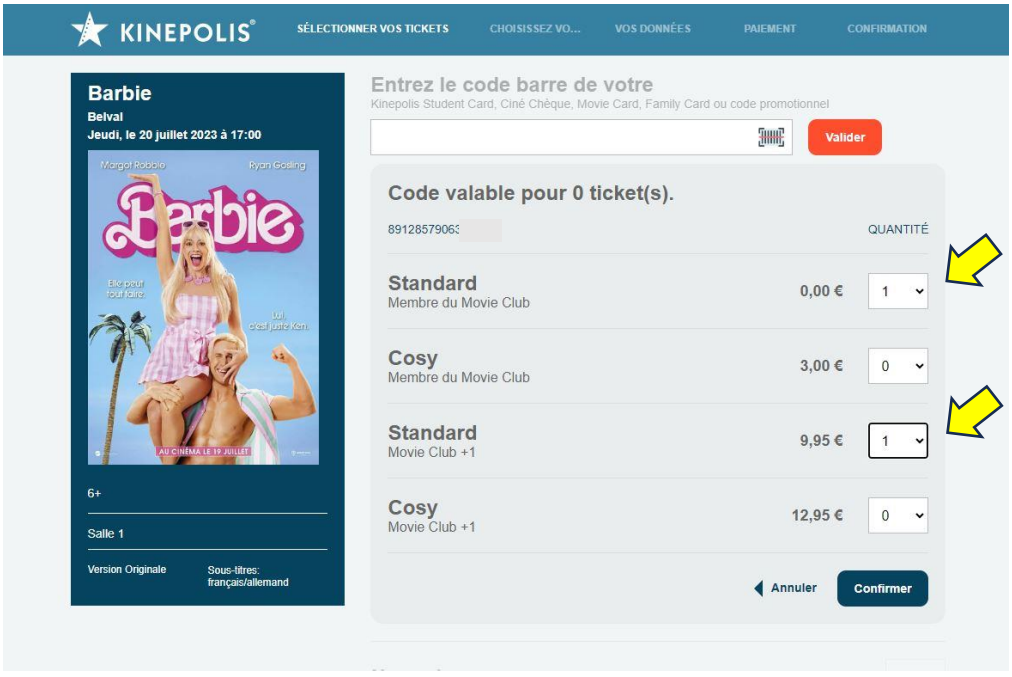

- the **Movie Club member** rate, which corresponds to a free monthly ticket *(or a €9.95* ticket if the free ticket has already been used)*

- the **Movie Club +1** rate, which is €9.95* for the person accompanying you.

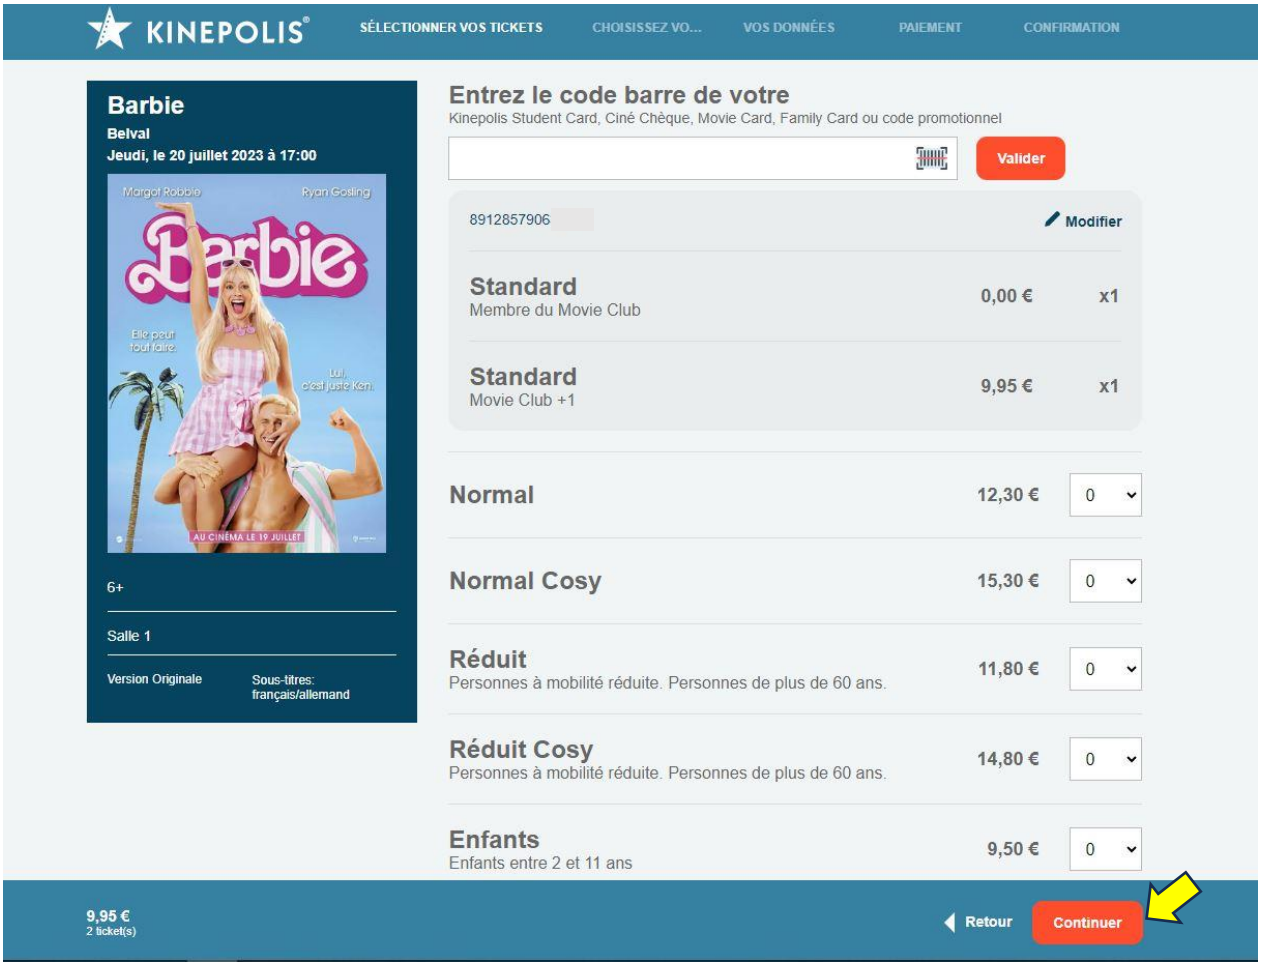

**Excluding long film extras or 3D, 4DX, Laser Ultra, Imax technologies etc.*

4. Select the desired rates, e.g. a free member + companion rate.

5. Press the "Confirm" button, then the "Continue" button, and all that's left to do is choose your seats and adjust any supplements or place for accompanying person.

<u>Please note</u>: If, for any reason, you use the button "Back" or cancel the transaction, your free ticket will be unavailable on your card for approximately 30 minutes.

After this time, it will be automatically credited again and you will be able to use it again.

Enjoy the show!
